CETMAR
CENTRO TECNOLÓGICO DEL MAR

Technological Centre of the Sea - CETMAR Foundation

CETMAR is a Public Foundation funded by the Regional Government of Galicia and the Spanish Ministry of Science and Technology and governed by a Managing Board that includes the principal regional and national agencies and organizations operating in the maritime and fishing sector.

https://cetmar.org/

STRUCTURE

- Management Department
- Control and Management of marine environment and resources
- Fishing products and technology
- Fisheries socio-economics
- Technology promotion and transfer
- Training
- International cooperation
- Unit of Marine Technology

GOALS

- Foster links and cooperation between R&D agents, governmental agencies, the maritime-fishing industry and other major stakeholders
- Promote knowledge and technology transfer to end-users
- Development of projects, services and technical assistance, networking and transfer activities, online and training information services and marine technology

pt-PROTECMA

Why PROTECMA?

- Technological Platform funded by the Ministry of Science and Innovation to promote public-private collaboration.
- Cross-cutting nature: environmental focus
- Meeting forum for the development and implementation of a research and innovation strategy aimed at:
  - Protection of the coast and the marine environment,
  - Prevention, response and mitigation of marine pollution,
  - Control and improvement of the quality of marine and coastal waters,
  - Good Environmental Status (EU-MSFD).
- Improvement of technological capacity and competitiveness of involved organizations
- Support for the implementation of environmental legislation.
